

## Press release

Leinfelden, Germany, June 2020

### Happy feet!

#### **Speick Natural Aktiv Foot Balm receives top mark Í very goodÍ from ÖKO-Test.**

For the latest June 2020 edition of ÖKO-Test, the magazine's editors closely examined a total of 20 foot balms. During their assessment, the editors tested whether the products contained substances that would not be expected for these already heavily stressed body parts, such as questionable preservatives, mineral oil components or allergenic fragrances.

#### **We couldn't be happier with this Í very goodÍ test result for the Speick Natural Aktiv Foot Balm!**

This rich, fast absorbing balm soothes, moisturises and conditions tired and aching feet. With extracts of horse chestnut, rosemary and hops. Organic soybean oil and vitamin F provide the skin with soothing oils. Sugar beet and sea buckthorn berry extracts support the skin-soothing and moisturising effect of the balm. Like every Speick product, the Speick Natural Active Foot Balm also contains the unique extract of the high Alpine Speick plant.

#### **Product details at a glance:**

Speick Natural Aktiv Foot Balm, 75 ml. **Very good+rating** in the June 2020 edition of ÖKO-TEST.
