Leinfelden, Germany, February 2026

Speick Naturkosmetik at the Art of Beauty and Health in Düsseldorf

On 6-7 March 2026, Messe Düsseldorf is once again opening its doors to the Art of Beauty and Health. The consumer fair provides groundbreaking inspiration and brings together holistic health, individual beauty and modern well-being in an inspiring, feel-good atmosphere. Speick Naturkosmetik will be there with selected ranges and special product highlights.

Sunny times and spa moments

The Speick Naturkosmetik stand will be offering a sensory brand experience for visitors to test, smell and engage with. The focus will be on the Speick SUN mineral sunscreen with its advanced formula and the popular Speick Thermal Sensitiv range, made exclusively with thermal water from the Schlangenbad spa mineral springs, which contains silicic acid.

Soap souvenir from the Soap Bar

The Speick stand will be alive with the delicate scent of wild rose, lavender and sea buckthorn. Visitors will have the opportunity to create their very own goodie bag at the Soap Bar. Speick's colourful soap hearts make a special, fragrant souvenir to take home from the fair.

Speick Naturkosmetik GmbH & Co. KG is a fourth-generation family-run natural cosmetics manufacturer based in Leinfelden-Echterdingen near Stuttgart, Germany. Founded in 1928, the company gets its name from the high alpine Speick plant, which is used exclusively in a large number of Speick products. In addition to the Speick Original Soap, the brand's broad product range includes natural cosmetics for the hair, body, face, sun care and shaving. The majority of products are vegan and certified as natural cosmetics.
