

Press release

Leinfelden, Germany, April 2025

Speick SUN – NEW with improved formula

Just in time for the start of the sunny season, the mineral sun care products from Speick Naturkosmetik have appeared with an improved formula. Thanks to the new formula, they feel wonderful on the skin and are so smooth to apply – say goodbye to the white cast!

The two sun creams (SPF 30 / SPF 50) and the sun lotion (SPF 30) contain the proven mineral sunscreen filter – based purely on zinc oxide – for instant protection against UVA and UVB rays. All three products are vegan, certified as natural cosmetics (COSMOS Natural) and are also suitable for children.

The sun care products from Speick Naturkosmetik provide protection and care for the face and body. They contain squalane from olives, which prevents the skin from drying out and supports a healthy skin barrier.

Speick SUN Sun Cream SPF 30 (60 ml) – RRP: €15.99

Speick SUN Sun Cream SPF 50 (60 ml) – RRP: €18.99

Speick SUN Sun Lotion SPF 30 (150 ml) – RRP: €27.99

Speick Naturkosmetik GmbH & Co. KG is a fourth-generation family-run natural cosmetics manufacturer based in Leinfelden-Echterdingen near Stuttgart, Germany. Founded in 1928, the company gets its name from the high alpine Speick plant, which is used exclusively in a large number of Speick products. In addition to the Speick Original Soap, the brand's broad product range includes natural cosmetics for the hair, body, face, sun care and shaving. The majority of products are vegan and certified as natural cosmetics.
