Leinfelden, Germany, February 2020

### **Colourful minimalists for the bathroom – The new hair and body soaps Made by Speick**

Fruity-fresh and gently nourishing – Speick Natural Cosmetics presents Bionatur Hair + Body Soap Bars – four multifunctional soap bars for hair and body, which replace hand soap, shower gel and shampoo. This makes the colourful Bionatur Soap Bars the perfect companion on journeys and a resource-friendly minimalist for any bathroom.

#### **A lathering rinse for hair and body**

The new Bionatur Soap Bars are suitable for cleansing the body as well as hair. The pure plant oil soap, crafted according to Speick Natural Cosmetics' traditional soap recipe with RSPO-certified palm oil from sustainable cultivation as well as coconut and olive oil, gently cleanses with a rich, creamy foam. The wheat proteins contained in the soaps nourish your hair and make it easier to comb. The inspiring, natural fragrant blend of pure essential oils creates a refreshing, aromatic experience for the senses. Available in bergamot, coconut, blood orange and lemon.

#### **Zero waste in the bathroom**

The oval soap bars feel pleasant in your hand and come in a completely “naked” and unpackaged format. As a result, they are the perfect feature for minimalists who place great importance on resource-friendly body care and minimal packaging.

#### **Approved natural cosmetics with a natural fragrance**

The Bionatur Hair + Body Soap Bars are COSMOS NATURAL certified, 100% free from synthetic fragrances and colourings as well as mineral oils. All four soaps are alkaline products that are vegan, gluten and lactose free as well as dermatologically and allergologically tested. With RSPO-certified palm oil from sustainable cultivation.

**Product details at a glance:**
